For the attention of Parents and Carers

Dear Parents and Carers

I hope you have all had a reasonable start to the New Year. As you know, from my previous letters, the Government has asked the school to install a Covid-19 Rapid Testing Centre to enable us to test pupils and staff on a regular basis. We aim to start testing by the beginning of next week.

The success of the centre depends on having enough trained staff/volunteers to administer the testing process but, as you can imagine, schools do not have enough staff capacity so we are appealing for volunteers to be a part of the testing team. Full training will be given and the testing team will be supervised at all times - PPE and strict cleaning regimes will be in place.

To begin, we have staffed the centre using our own staff team, but we are aware that this team may need be increased as pressures of work take their toll and to cover any staff absences.

If you would like to volunteer, or know of anyone else in your family, or circle of friends, who might like to come forward, please could you email your details to this address - please include your full name and your current mobile telephone number to enable us to contact you.

Thank you for reading and considering our request - we will be most grateful for any help we receive.

Kind regards

JASSA PANESAR
